OUR HERITAGE

The Marlow "Outlaws" have an appropriate name. The city of Marlow was named after the Marlow Brothers who were supposed to be outlaws.

The Marlow Brothers were Charlie, Epp (sometimes known as Abb), Boone George, and Alf.

The late Dr. Dolph Montgomery in an article appearing in the Marlow Review of December 4, 1919, states that the Marlows came to the Indian Territory about 1866, but the date when they came to Marlow is indefinite. They lived in a half dugout in the north part of Marlow, which was located in a grove of oak trees and was for a long time known as the Marlow Grove. Dr. Montgomery states that this dugout was located about six blocks north of Main Street just on the east side of the Rock Island Railroad. Another source states that the dugout was located on the east side of Wildhorse Creek about one block north of the Park. The Chisholm Trail ran near this location.

In 1880, they sold their holdings to Bill Wade, who came up from Bellevue, Texas. After leaving Marlow, the Brothers went to Graham, Texas, but it seems that Boone spent most of his time in the Indian Territory after that. He was accused of crime, and in attempting his arrest Boone shot Sheriff Wallace of Young County Texas, but the sheriff recovered. Boone came back to Indian Territory and was hiding on Hell Creek southwest of Marlow. Three of his supposed friends were looking after him. A large reward was offered, and these supposed friends claimed that he died, and they took him back to Graham in a wagon. They were arrested for the murder of Boone. These parties who took Boone back to Graham still have relatives in this vicinity, and perhaps it would be inappropriate to give their names.

The other Marlow Brothers were arrested for attempting to kill Sheriff Wallace. Sheriff Wallace exonerated all of them except Boone. However, the Brothers had many enemies and when the officers were taking them from Graham to Weatherford, claiming that there was danger of mob violence at Graham, a mob attacked. The brothers were shackled together two and two. Two of the Marlow Brothers were killed immediately, and the two that were not killed were shackled to their dead brothers. Those still living grabbed the guns of the officers and repulsed the mob, killing several of the mob. They were compelled to

cut off the ankles of their dead brothers in order to free themselves. They fled to Colorado. Later they were tried but were found not guilty.

Several of the mob who attacked were tried for conspiracy in the United States Court. Judge McCormick, in passing sentence on the mobsters, said, "This is the first time in the annals of history when unarmed prisoners shackled together ever repelled a mob. Such cool courage that preferred to fight against such great odds and die, if at all, in glorious battle rather than die ignominiously by a crazed mob, deserves to be commemorated in song and history."

This case was appealed to the Supreme Court of the United States, and Solicitor General Taft, later President of the United States, presented the case on behalf of the government.

The two Marlow Brothers who were not killed later went back to Colorado and have not been heard from since.

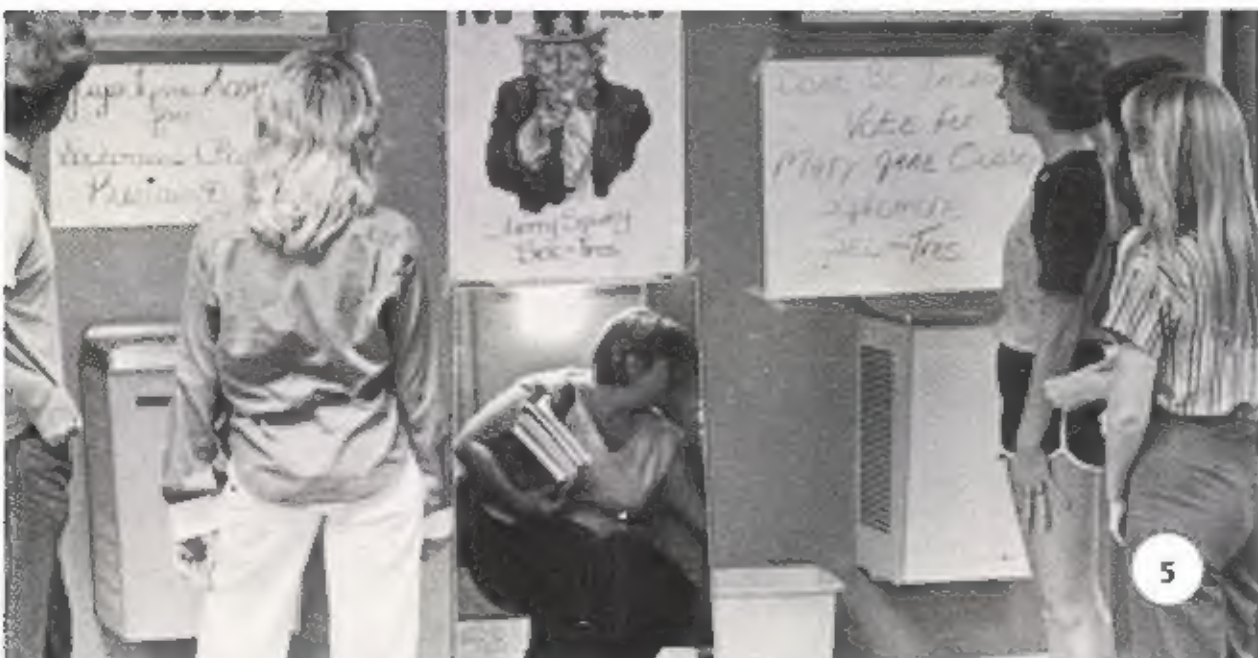

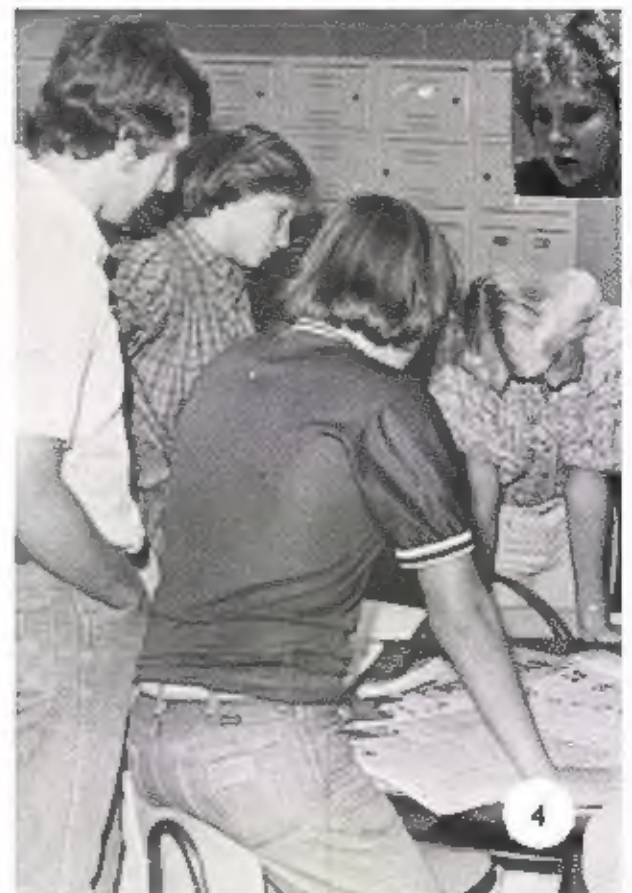

The writer has prepared a more extensive article on this subject which will be given to the Marlow High School, and which will be available to those who desire to pursue the matter further. The School also will be furnished a copy of the Article by Dr. Dolph Montgomery which appeared in the Marlow Review.

The information here given was obtained from Dr. Montgomery's article, from Charley Wade of Camanche. Jim Keith of Addington, Lem Tittle of Mangum, and Bill Baker of Ringling.

It appears that the Marlow Brothers were extremely rough characters; but I am informed that many people in Young County, Texas, did not consider them to be outlaws.

Football season was a very busy time for all Rustlers. The girls helped to further the feeling of school pride and fidelity at many spirit activities. The Rustlers strived to give the Outlaw teams support and encouragement. Participation in pep assemblies and at games was a major part of their activities. The Rustlers assisted the cheerleaders by carrying spirit signs and performing skits. Spirit balloons sold at home football games by the Rustlers helped to add color and excitement to the pre-game activities.

The Rustlers were also very active during the construction of Pete's Dragon, the friendly green dragon that escorted the homecoming queens onto the football field. The girls participated with other spirit organizations in the formation of the light house on the football field.

The Rustlers major money-making activity, the pre-Christmas fruit sale, did exceedingly well this year. Many long hours were put into this project. The Sophomore class won the annual class competition during the sale by selling 90 boxes. They were honored by a party in the spring.

It has often been said that our country is either in a depression, war, or some major conflict; and if we aren't, we will make a major conflict; and if we aren't, we will make a major crisis of our own. This seems to be the present-day situation. I believe it is a historical fact that most countries are stronger after a crisis. This, I believe, will be the situation in our great country after some of the internal problems are solved.

Those individuals who prepare themselves and have a goal in mind are going to be on top in the future. Many students have an attitude "it doesn't matter what kind of an education I get, there aren't many job opportunities." Nothing could be farther from the truth. The capable, well educated person will have greater opportunity than ever before in the history of our country.

The challenge I put before each of you is to take advantage of the opportunities offered at Marlow Schools and be prepared for the opportunities when they come your way.

In conclusion let me say thanks to the annual staff for asking me to write a few words in your annual. This annual is always a cherished book to recall the many pleasant hours in working for the students of Marlow Schools.

Scott Ousley,
Superintendent

SCOTT L. OUSLEY
Superintendent of Marlow Schools
Master of Science, University of Oklahoma

There are many, many talented people in the world. There are many talented students at Marlow High School. However, having talent will not guide one to success because having talent, in itself, is nothing if you do not expand and nourish it.

There are many of those who possess talent who simply refuse to use it. They go through their lives actually only half living, and most likely, as they grow older, they begin to question their discontentment and are frustrated.

If one's talent is left dormant, it will eventually completely die; and when one's talent dies, a large part of that person also dies.

No matter which field you enter, success will come only when you can truly say that you have given completely of yourself and of whatever talent you possess, and that you have done your very best.

The Marlow Outlaws captured their first District Championship since 1966 to cap an outstanding 9-1 regular season and a birth in the State Playoffs. They were led by All-state Quarterback Bobby Shannon and an outstanding group of seniors. The Outlaws were powered by an outstanding defence anchored by big David Lancaster and Dennis Amos and the quickness of Jamie Latimer along with Don McCurley and Kraig Bickerstaff as linebackers. The ends were covered by Kris Boles and John Briggs with a ball hawking secondary Jerry Wakefield, Craig Dunn, Steve True, Terry Wakefield and Bobby Shannon.

The Outlaw offense was a balance between power and fitness and a good passing attack led by Bobby Shannon, Steve True, and Joe Dial. The running attack was led by Jerry Wakefield, Roger Seymour, Scott Hall, and Terry Wakefield. The strength of the offense was up front with Greg Tucker, and Bill Littrell as tackles, Rusty Maddox, Kraig Bickerstaff, and David Lancaster in the middle. This combination of size, speed and talent gave the Outlaws an outstanding offensive unit. In the State Playoffs the Outlaws defeated a good Harrah team 14-7 and lost to Clinton in the second game in a very hard fought contest 13-7, which gave the Outlaws their best season since 1964.

The 1978-1979 Basketball season was marked by many close encounters, some won and some lost. A one point and a two point loss knocked the Outlaws out of a tie for the Conference Championship. Even though the heartbreaking losses they will always remember, the 78-79 Outlaws will never forget the one point victory over Newcastle and Healdton, the two victories over Lindsay, the double overtime win over Comanche, and the County and District Championships.

The team, and especially the Seniors who helped provide the leadership, should be especially proud of the accomplishments of the 78-79 Outlaws.

 As we ascend
 I'll say your name
 Then once again.

Thank you for being a

Senior Tea

Teach me, Father, how to go
Softly as the grasses grow;
Hush my soul to meet the shock
Of the wild world as a rock;
But my spirit, propt with power,
Make as simple as a flower.
Let the dry heart fill its cup,
Like a poppy looking up;
Let life lightly wear her crown,
Like a poppy looking down,
When its heart is filled with dew,
And its life begins anew.

Teach me, Father, how to be
Kind and patient as a tree.
Joyfully the crickets croon
Under shady oak at noon;
Beetle, on his mission bent,
Tarrys in that cooling tent.
Let me, also, cheer a spot,
Hidden field or garden grot ---
Place where passing souls can rest
On the way and be their best.

In Memoriam

Mrs. Lila Wham served Marlow High School as teacher and counselor for many years. Students remember her as one who truly gave herself for others. Compassionate, respectful, unselfish, caring, concerned, aptly described Mrs. Wham as she went about her daily routine at M.H.S. Her courage and determination expressed itself day by day and year by year and set a pattern for us to follow. Marlow High School is a better place because Mrs. Wham passed this way.

We're So Glad You Came Our Way

Helen Muncrief
19 years

Mrs. Muncrief has served as an inspiration to students and faculty alike at MHS. Her standards of excellence have benefited all. Her inexhaustible knowledge of materials and subjects has made the library a model facility, one which others might emulate. Her keen awareness of students and their needs has been invaluable in their quest for learning.

Earnest Muncrief
35 years

Thank you Mr. Muncrief for 35 years of service to the youth of Marlow High School. You have been an inspiration and prime example for generations of young men to follow. You are unique in motivating young men and, in recent years young women, to reach the level of excellence of which they are capable.

As all good things must come to and end, so it is with your years as a teacher of Vocational Agriculture at Marlow High School. We will miss you, but we will always remember your devotion, loyalty, and love for your students, friends, and colleagues. God Bless You Mr. Muncrief.

Barry Hinson
